

Caring For Our Watersheds Implementation Agreement

The Caring For Our Watersheds program (“CFW”) is a competition amongst Grade 9-12 students sponsored by Nutrien Ltd. CFW asks students to answer the question, “What can you do to improve your watershed?” After identifying a concern, students must come up with a solution that improves the watershed in their area. All finalists are highly encouraged to implement their ideas.

Nutrien will help cover the implementation costs (up to a maximum of \$1,000.00) (“Nutrien Funding”) but the student is expected to obtain outside funding for the remaining amount of the implementation costs exceeding \$1000.00 (“Outside Funding”).

The Hamilton County Conservation District (“Host Organization”) is a local non-profit organization who has accepted responsibility for implementing the CFW contest (“CFW Program”) in the State of Ohio (the “Local Area”).
